BALKAN WARS ENDS!

Congratulations go to Ron Fisher for winning our fourth game of BALKAN WARS VI, scoring a third win for Rumania. This opens space for SOURCE OF THE NILE, GM'd by Alan Dargender. So far we have Farrow, Chinnery, York, and R. Fisher. Anyone else interested in joining should e-mail Alan for the plenum system and his House Rules.

Looks like all should survive the onset of sieges in "Liquor is Quicker", so that game should extend to at least OR 7.3. So far we have five for both 1835 and 1856.

STANDBY ALERT! The following positions are available. Send orders and they might be yours.

ADVANCED CIVILIZATION: Assyria -- apply to Flint Webb

AIR BARON: ARA and HD.

EMBASSY BEAT

Berlin--The Kaiser, while being interviewed by a French newspaper columnist, was quoted as saying, "Truly, war is hell. The only rule is that there are no rules. Victory must be achieved at all costs."

Politics, however is much more difficult. That is a game which is played to imagined rules, even though the reality is that there are none."

Vote fails.

Greece seems to have had a phantom fleet in SMS last time so Turkish F EMS-SMS succeeded.

KLENDATHU: With a crushing assault on the rump Serbian army and an "insurance" stab of his Turkish toadie, Count Ronald has settled the question of Balkan supremacy. Serbia, true to his blood oath and heedless of losses in the rear, pursued the ship-borne Greeks to the wine-dark sea where the Turks awaited them to settle another centuries long feud.

BORIS WORLD PRESS REVIEW

Press Release from Castle Dracul, new seat of government for the free Balkin States: Count Ronald of Rumania has declared Pax Rumania on the entire Balkin region, freeing those oppressed people still alive from the horrors of war endured for these past six years. "Now that those nasty Bulgarians are done with and the genocidal-minded Serbs have been run out its only the most southern combatants that need be delt with. If the Turks and the Greeks won't stop their incessant fighting I'll knock their heads together and rip their throats out. They, and all the peoples of the region have two choices: Pax Rumania or the peace of the dead. I'll bring peace to this region if I have to kill everyone of them to do it."

Military Pays Off for Credit
Turn 17.9 through 17.10

Cont:

Af: Phil McCabe Ib: Paul Zieske Cr: Steve Llewellyn As: Phil Reynolds
Ba: Dave Anderson Eg: Mike Scott GM: Flint Webb Asst. GM: Tom Butcher

General Comments:

Everyone did very well getting their orders in. By the time I had to start the adjudication last weekend I had received all the orders except those from the folks with Military.

There was again a suggestion that Babylon be declared the winner and the game be ended. Let me know what you'll think. Babylon does have a substantial lead - 5036 victory points vs. 4365 for second place Africa (not counting trade cards). But the difference between 2nd and 4th is only 276 points not counting trade cards. Which still may be too close to call. In any event the game will end as soon as one person reaches the end space which will occur after the next adjudication so other than whatever you can buy this round and what trade cards you manage to keep the game is over and any vote to end the game is basically pointless.

Due one (1) week before the general deadline, end of Trading (17.10) through Acquisition of Civilization Cards (17.13).
